

How to Use This Module

The *Sheshunoff Regulatory Compliance Certification Program* consists of five separate study modules. Regulations included in this module are divided into separate courses. You should read each course one lesson at a time. At the end of each lesson, there is a lesson review. The review questions are intended to gauge your comprehension of the material and should be answered before proceeding to the next lesson. At the end of each course, there is a course examination with answer key. You should complete this exam and compare your answers with those that are provided. Once you have completed all the course exams in this study module, you can request the final test by calling Customer Service, toll free, at (800) 456-2340, or by sending an e-mail request to certification@sheshunoff.com.

CFPB CONSUMER REGULATIONS RECODIFICATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act has prompted changes to almost all aspects of regulatory compliance, and your *Regulatory Compliance Certification Program* is the easiest way to keep track of the regulatory ramifications. One major change was the reassignment of all consumer regulations to the Consumer Financial Protection Bureau's section of the Code of Federal Regulations. As courses in each module of the *Regulatory Compliance Certification Program* are updated, CFR citations will be changed.
